## **Greetings!**

We are delighted and very much excited to be a part of celebration of the three year anniversary of NEP 2020 and so as the completion of one year of successful implantation of NEP 2020 in Maharashtra.

Our institution organised different activities with great enthusiasm to inspire continued engagement with NEP 2020's principals and objectives.

In this regard we signed a MoU, consulted with students and teachers for collecting feedback and organised a seminar on NEP 2020.

We are glad to be a part of this Celebration.

**Prof. Sanjay Kumar Nandlal Sharma**  
**Acting Principal**

# About Our College

---

Situated at the foothills of the Satpuda mountain ranges, our college was established in 1971 by the great freedom fighters, social workers and devoted educationists. It was intended to disseminate education among the neglected grassroots of our society. Nandurbar is still at the bottom of the human development index and most of the college students in our area are the first generation learners. They have to struggle with the most adverse circumstances. Imparting education to such youth of under privileged sections of society facing all kinds of deprivations.

Taking all these things into considerations, our founding fathers came together. They mobilized the like minded people who were dedicated to the welfare of the masses. The college was established in the most adverse situations and under severe resource crunch. The generous donors of the society sustained this noble cause and the college is growing and thriving today. We have a very good educational infrastructure. The college faculty has shown its consistent progress in research and publication. Our faculty members regularly participate in various national, international seminars conferences and make contribution in the syllabi framing workshops. The college is very much proud of its research and publications as well as books publications.

The college management has always supported the and guided the teaching and non-teaching staff and has always kept the core values of universal brotherhood, social justice, women's empowerment, scientific temperament, upliftment of weaker sections, research and innovation and wholistic education as fundamental to our vision. We have been tirelessly striving for perfection and trying to bring about the empowerment of the rural, tribal, and other weaker sections of society. We are committed to the values and principles enshrined in the Indian constitution and are trying to translate the same into actions.

The college management, teaching and non-teaching staff are dedicated to the realisation of the vision and mission of the institution. It is our dream to provide the best possible infrastructure and educational facilities to our students and impart the best quality education and enable them to make a bright careers and contribute for the development and welfare of the larger society.

**With Best Wishes.**

**Prof. Sanjay Kumar Nandlal Sharma**

**Acting Principal**

# *Objectives of the Report*

---

The purpose of this document is to report the activities undertaken on the occasion of the three year anniversary of NEP 2020 and so as the completion of one year of successful implantation of NEP 2020 in Maharashtra.

## *Activity wise summary*

---

### **Activity 1: Collaborating MoU**

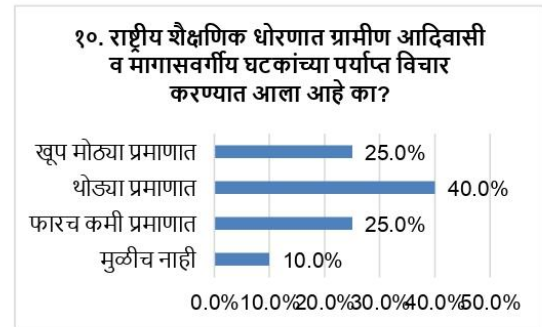

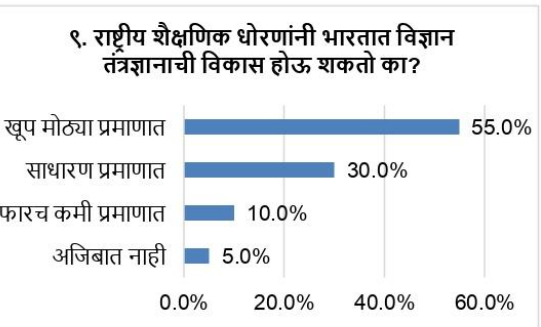

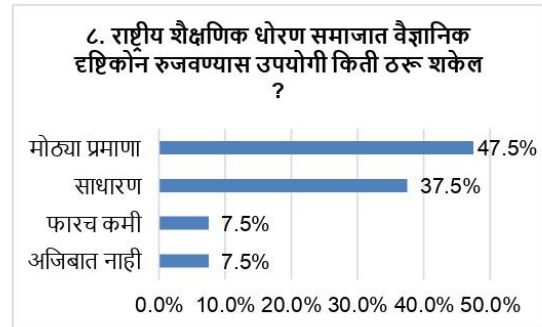

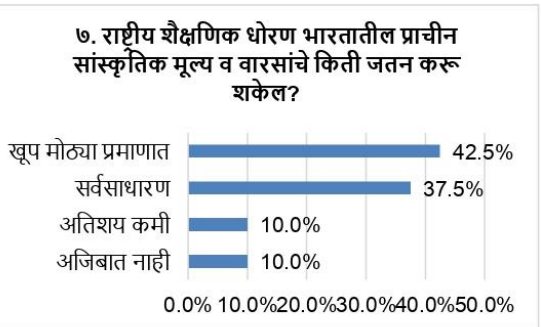

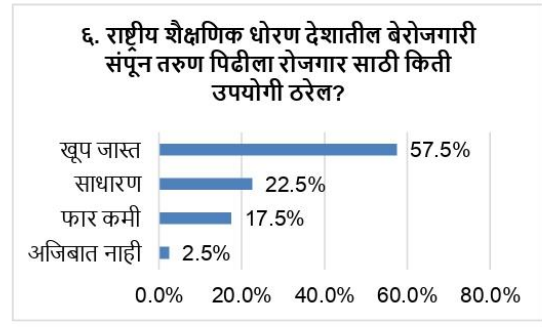

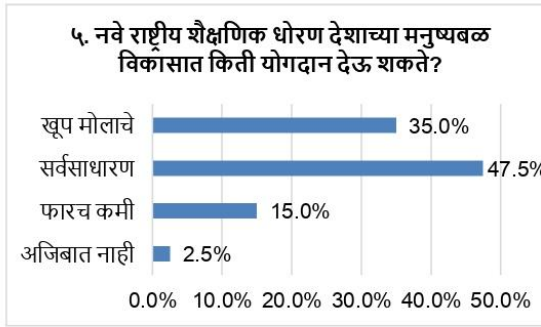

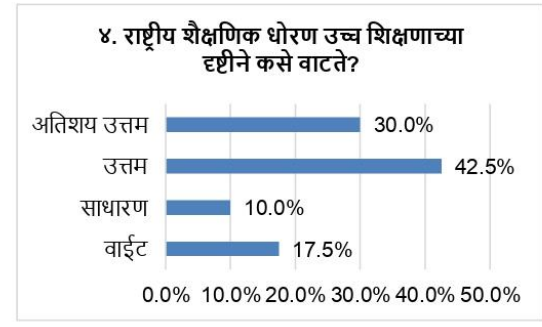

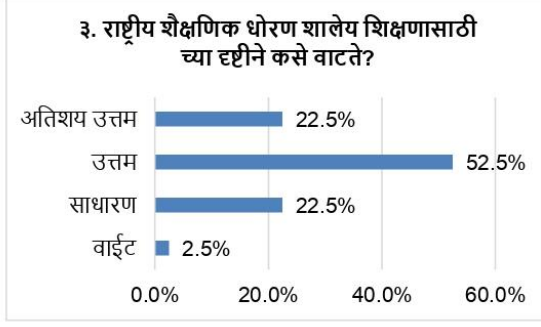

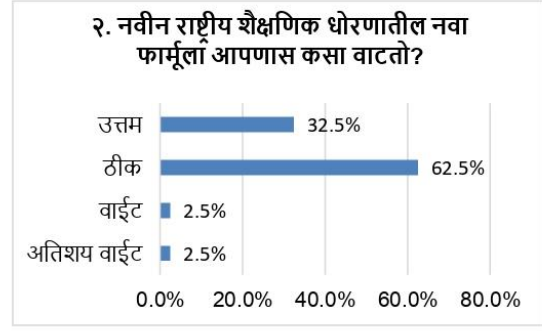

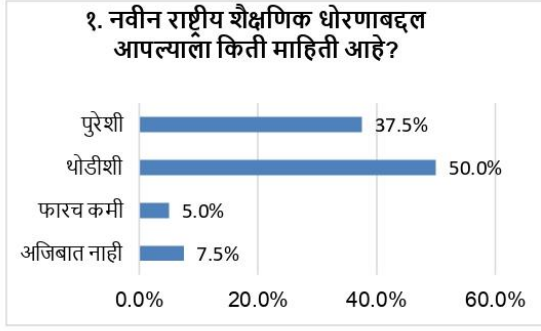

With a vision to promote Skill Education, Assessment, and capacity building of teachers, Our college has signed a MoUs with M/s Sevens Technology on 29<sup>th</sup> July 2023. Sevens Technology is a training partner of National Skill Development Corporation. Currently providing training of Service Technician Home Appliances, Food Processing, Media & Entertainment, Mobile phone hardware repair technician and IT-ITES. The bouquet of training courses being offered will increase from time to time. The company is currently working on a skill development Program with various central Govt, State Govt. and other Corporate across the country to provide individuals with the employability skills needed to address India's growing need for skilled manpower.

The NEP emphasises stronger collaboration between academia and industry. The curriculum needs to be aligned with industry requirements, making provision for internships and apprenticeships for students to promote industry exposure.

It is equally important to update the capacity of teachers for desired outcomes. Our college, through these initiatives, has thus entered into strategic partnerships for skill development, education, and training.

### **Activity 2: Stakeholder Consultation & Feedback analysis**

As per guidelines given, the college has instrumented a simple questionnaire to conduct consultation with students and teachers to gather feedback and suggestions for enhancing NEP 2020 's implementation between 25<sup>th</sup> July to 29<sup>th</sup> July 2023. The college has analysed the feedback collected and analysis report of that is forwarded to you. The analysis shows the following:
